

2024 Global E-STEM Awards

**Please note: We've extended the due date.
We'll accept applications through July 18 at 11:59 PM U.S. ET.**

The Global E-STEM Awards are presented by Pratt & Whitney in collaboration with the North American Association for Environmental Education. We appreciate your help in sharing information about applying for the Global E-STEM Awards on your social media channels, newsletters, and emails! In addition, we have included creative assets that are available to use with your communication. In general, messaging should focus on the following:

- Calling for entries by July 18 (extended due date) and directing people to the application page: <http://naaee.org/e-stem-awards>
- Highlighting elements of the contest, such as the funding amount (up to \$50K USD), available for nonprofits around the world implementing new or existing programs, with a preference for those engaging underrepresented audiences in STEM, as they promote meaningful learning experiences that increase STEM skills through environmental problem solving (the "E" in E-STEM).

Engaging with Existing Content or Creating Original Posts

In general, you should feel free to like or comment on posts on the Pratt & Whitney social channels and NAAEE social channels and share them on your personal and professional channels. However, you can also publish posts on your own channels, using the hashtags and URLs and tagging the social accounts below:

Official hashtags: #ESTEM #EnviroEd

Official URL:

<http://naaee.org/e-stem-awards>

Official email: estem@naaee.org

Accounts to tag:

- **Facebook:** [@prattandwhitney](#) and [NAAEE](#)
- **Instagram:** [@weareprattandwhitney](#) and [@thenaaee](#)
- **Twitter:** [@TheNAAEE](#)
- **LinkedIn:** [Pratt & Whitney](#) and [NAAE](#)

Creative Assets

You are welcome to use any of the assets included in this folder link below. Please do not alter them in any way. If you have any questions, please email carrie@naaee.org.

Sample Newsletter/Email Messaging

We encourage you to share the Pratt & Whitney Global E-STEM Awards opportunity with your nonprofit counterparts in your newsletter or email. Below you'll find communication that you can use for these purposes. Please use the creative assets in the Google folder, linked above, to complement your messaging.

Newsletter Blurb

The North American Association for Environmental Education (NAAEE) has joined Pratt & Whitney in its quest to inspire the next generation of E-STEM innovators around the world. Through the Global E-STEM Awards, they seek to recognize nonprofits around the world that are building skills and capacity for students ages 11–22 to use science, technology, engineering, and mathematics to address environmental challenges. Applications are open now through July 18, 2023. Learn more <http://naaee.org/e-stem-awards>

Email

Dear [Name],

As we move towards the second half of an exciting and eventful year, I wanted to invite you to enter (or help us share!) the Global E-STEM Awards competition for nonprofits engaged in E-STEM education for students ages 11–22. The North American Association for Environmental Education (NAAEE) has joined Pratt & Whitney in its quest to inspire the next generation of E-STEM innovators around the world. By entering, **you'll be considered to win up to \$50,000 for established programs or up to \$15,000 in grants for new initiatives!** The Request for Proposals and more information can be found at the link below:

[\[Start my application\]](#)

At that link, click “Apply Here” for the Global E-STEM Awards to register and submit a proposal. Make sure your application describes how your creative STEM idea will help solve or has provided a solution to an environmental challenge in one of the three priority areas: climate change, sustainable energy, or sustainable aviation. Applications are due July 18, 2024.

Please write estem@naaee.org with any questions.

Sincerely,

[Your name]
